△ For the safety of users, please read the product instruction carefully before using it, and use protective devices when using it.

ZHIBIAO

Leading the future

Leader of Cutting Industry

ELECTRIC PROFESSIONAL TOOLS

Enterprise brief introduction

Zhejiang Zhibiao Industry and Trade Co., Ltd. is located in the beautiful and rich "hardware capital" – Yongkang City, Zhejiang Province, the company's main auto parts and tools industry. Auto lamp production car reflective triangle warning signs, such as brake pad automobile road safety products, the product passed EMARK authentication, CE certification and the Ministry of Public Security certification of the Ministry of Transport, domestic products are exported to southeast Asia, the Middle East, Europe and the United States and other regions, well received by customers at home and abroad, successively with, than YanDi, Renault, Toyota lexus, and peace, companies such as cooperation.

The company mainly produces 355 profile cutting machine with various styles, the quality and price are among the best in the same industry. The product has been steadily expanding to the domestic and foreign markets, the company is developing vigorously and the sales performance is growing rapidly.

Our company's consistent service tenet is "to provide customers with the best and the best service at the most affordable price". Hope that through our sincerity and efforts to become your long-term partners, create brilliant!

COLD CUTTING MACHINE series

Read thoroughly handling instructions before use.

Product features:

- Especially suitable for fast and precise cutting of steel, non-ferrous metals, iron and plastic steel.
- Large shield design to prevent sparks from splashing and effectively protect operators.
- The design of large D-shaped handle conforms to ergonomic design and is comfortable to hold.
- The steel thickened base is more stable in operation and more accurate in cutting.

EFFICIENCY AS HIGH AS

Cutting 25mm rebar steel takes 2S

One normal quality blade can cut 5000 times, every time need 10-20 seconds.

Cutting 50mm round steel takes 7S

One normal quality blade can cut 500 times, every time need 50-60 seconds.

Cutting 130mm round steel takes 50S

Mod.ZB-355G-3

Cold Cutting Machine

Specification

	Blade diameter	Rated input power	No load speed	Rate frequency
	355 MM	2800 W	1200 RPM	50/60Hz
Rated Voltage	220V~	rectangle	90 maximum cutting	210x85mm
Moter Height	60mm		45 maximum cutting	135x43mm
G.W/N.W	26/25kg	square	90 maximum cutting	120x120mm
ColorBox Size	65x38.5x47cm		45 maximum cutting	85x85mm
			Round material	90 maximum cutting
			Angle steel	45 maximum cutting

ZHIBIAO
POWER TOOLS

ZHIBIAO
POWER TOOLS

TABLE SAW series

Read thoroughly handling instructions before use.

Mod.ZB-2541A

Product features:

1. A high-power table saw specially designed for woodworking.
2. Practical wooden push table has better precision and higher cutting efficiency.
3. It is especially suitable for fast and accurate cutting of steel, nonferrous metals, iron and plastic steel.

Input power	No-load Speed
2000W	4300r/min

Blade capacity	254mm
Rated Voltage	220V~50/60Hz
Blade teeth	60mm
Cutting thickness	2.1mm
Cutting Height	0° max 85mm 45° max 65mm
G.W/N.W	24.5/23kg
Color Box Size	72x57x38cm

Mod.ZB-2541C

Product features:

1. A high-power table saw specially designed for woodworking.
2. Practical wooden push table has better precision and higher cutting efficiency.
3. It is especially suitable for fast and accurate cutting of steel, nonferrous metals, iron and plastic steel.

Input power	No-load Speed
2000W	4300r/min

Blade capacity	255mm
Rated Voltage	220V~50/60Hz
Blade teeth	60mm
Cutting thickness	2.1mm
Cutting Height	0° max 85mm 45° max 65mm
G.W/N.W	21/19.5kg
Color Box Size	72x57x38cm

STEEL MACHINE series

Read thoroughly handling instructions before use.

Mod.ZB-355G

Product features:

1. It is especially suitable for rapid finishing of steel, nonferrous metals, iron and plastic steel.
2. Ergonomically designed switch
3. The cutting angle can be adjusted arbitrarily from 150 to 450.
4. Adjustable cutting depth

Input power	No-load Speed
2600W	3900r/min

Blade Diameter	355mm
Input Power	220V~ 50/60Hz
No-Load Speed	55mm
Rated Frequency	100mm
Rated Voltage	17/16kg
G.W/N.W	63.5x31x43.5cm
Color Box Size	

Mod.ZB-355G-1

Product features:

1. It is especially suitable for rapid finishing of steel, nonferrous metals, iron and plastic steel.Exact cutting
2. Large shield design to prevent sparks from splashing and effectively protect operators.personal security
3. The design of large D-shaped handle conforms to ergonomic design and is comfortable to hold.Adapt to and relieve fatigue
4. The steel thickened base is more stable in operation and more accurate in cutting.
3. The cutting angle can be adjusted arbitrarily from 150 to 450.
4. Adjustable cutting depth

Input power	No-load Speed
3000W	3800r/min

Blade capacity	355mm
Rated Voltage	220V~ 50/60Hz
Moter Height	60mm
Cutting Capacity	100mm
G.W/N.W	23.5/21.5kg
Color Box Size	63x34x44cm

**STRONG POWER
FOLLOW YOUR
HEART**

ZHIBIAO
POWER TOOLS

Steel machine series

 Read thoroughly handling instructions before use.

Mod.ZB-205-1

Product features:

1. It is especially suitable for rapid refining of steel, non-ferrous metals, iron and plastic steel
2. **Ergonomically designed switch**
3. The cutting angle can be adjusted from 15° to 45°
4. Adjustable cutting depth

Input power	No-load Speed
1200W	5000r/min

Blade capacity	205mm
Rated Voltage	220V~ 50/60Hz
Moter Height	50mm
Cutting Capacity	100mm
G.W/N.W	7/6.5kg
Color Box Size	23.5x38.5x24cm

Mod.ZB-355C

Product features:

1. It is especially suitable for rapid refining of steel, non-ferrous metals, iron and plastic steel
2. **Ergonomically designed switch**
3. The cutting angle can be adjusted from 15° to 45°
4. Adjustable cutting depth

Input power	No-load Speed
1800W	3800r/min

Blade capacity	355mm
Rated Voltage	220V~ 50/60Hz
Moter Height	50mm
Cutting Capacity	100mm
G.W/N.W	10.5/12kg
Color Box Size	53x30x38cm

Steel machine series

 Read thoroughly handing instructions before use.

Mod.ZB-355A

Product features:

1. It is especially suitable for rapid refining of steel, non-ferrous metals, iron and plastic steel
2. **Ergonomically designed switch**
3. The cutting angle can be adjusted from 15° to 45°
4. Adjustable cutting depth

Input power	No-load Speed
2600W	3900r/min

Blade capacity	355mm
Rated Voltage	220V~ 50/60Hz
Moter Height	65mm
Cutting Capacity	100mm
G.W/N.W	15.5/14kg
Color Box Size	56x34x43cm

Steel machine series

 Read thoroughly handing instructions before use.

Mod.ZB-355D

Product features:

1. It is especially suitable for rapid refining of steel, non-ferrous metals, iron and plastic steel
2. **Ergonomically designed switch**
3. The cutting angle can be adjusted from 15° to 45°
4. Adjustable cutting depth

Input power	No-load Speed
2400W	3900r/min

Blade capacity	355mm
Rated Voltage	220V~ 50/60Hz
Moter Height	60mm
Cutting Capacity	100mm
G.W/N.W	14.5/13kg
Color Box Size	54x31x41cm

Mod.ZB-355A-1

Product features:

1. It is especially suitable for rapid refining of steel, non-ferrous metals, iron and plastic steel
2. **Ergonomically designed switch**
3. The cutting angle can be adjusted from 15° to 45°
4. Adjustable cutting depth

Input power	No-load Speed
2600W	3900r/min

Blade capacity	355mm
Rated Voltage	220V~ 50/60Hz
Moter Height	65mm
Cutting Capacity	100mm
G.W/N.W	17.5/16kg
Color Box Size	56x34x43cm

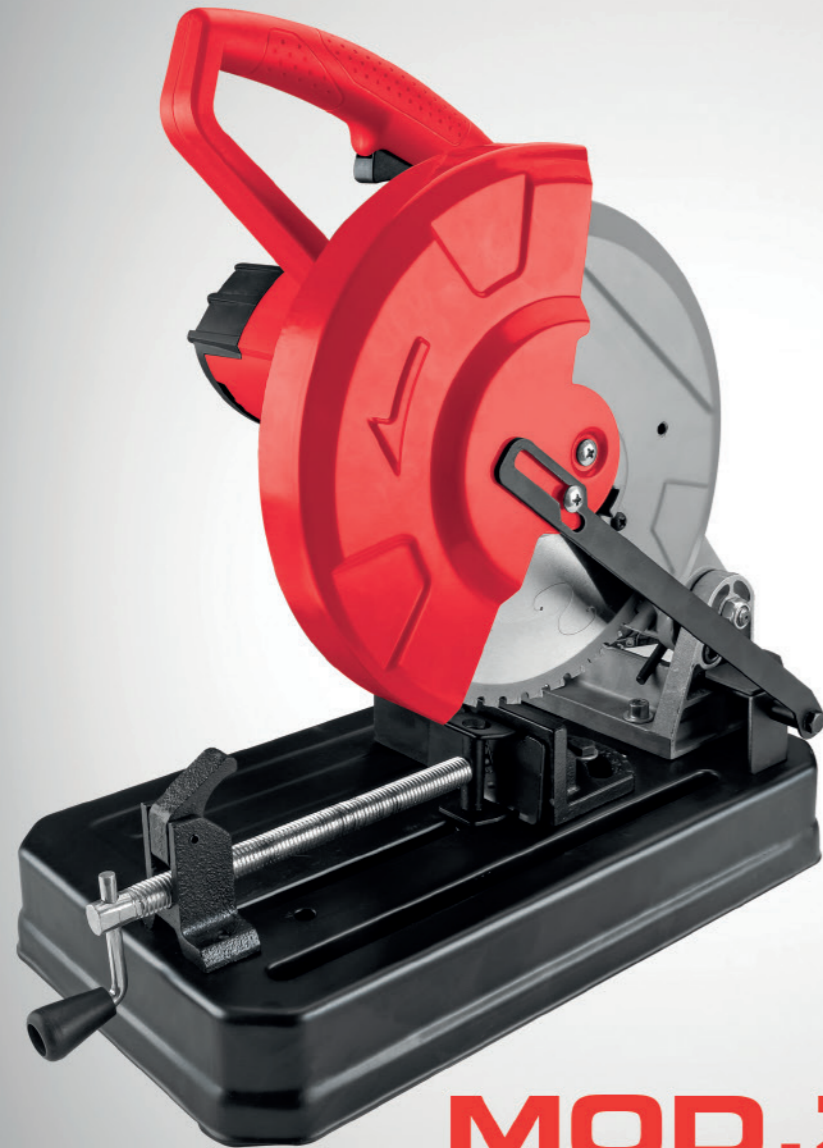

Mod.ZB-355H

Product features:

1. It is especially suitable for rapid finishing of steel, nonferrous metals, iron and plastic steel.
2. **Soft leather handle, comfortable to hold and relieve fatigue.**
3. High-quality grinding wheel blades make cutting more efficient.
4. The steel thickened base is stable and safe.

Input power	No-load Speed
2600W	3900r/min

Blade capacity	355mm
Rated Voltage	220V~ 50/60Hz
Moter Height	60mm
Cutting Capacity	100mm
G.W/N.W	15/13kg
Color Box Size	54x31x41cm

Adjustable shield angle

Cutting steel, metal, plastic steel

Thickened base more stable

Steel machine series

 Read thoroughly handling instructions before use.

Mod.ZB-355C-1

Product features:

1. It is especially suitable for rapid refining of steel, non-ferrous metals, iron and plastic steel
2. **Ergonomically designed switch**
3. The cutting angle can be adjusted from 15° to 45°
4. Adjustable cutting depth

Input power	No-load Speed
2200W	3900r/min

Blade capacity	355mm
Rated Voltage	220V~ 50/60Hz
Moter Height	50mm
Cutting Capacity	100mm
G.W/N.W	12.5/10.5kg
ColorBox Size	53x30x38cm

Mod.ZB-355C-2

Product features:

1. It is especially suitable for rapid refining of steel, non-ferrous metals, iron and plastic steel
2. **Ergonomically designed switch**
3. The cutting angle can be adjusted from 15° to 45°
4. Adjustable cutting depth

Input power	No-load Speed
2500W	3900r/min

Blade capacity	355mm
Rated Voltage	220V~ 50/60Hz
Moter Height	55mm
Cutting Capacity	100mm

LASER POSITIONING PRECISION CUTTING

Miter saw

Read thoroughly handling instructions before use.

Extended ruler

Product features:

1. High-power copper core motor, help to cut smoothly and without edge collapse.
2. 45° oblique cutting angle, which can realize accurate cutting, wood, PV pipe and aluminum alloy can be used.
4. Thicken and reinforce the aluminum alloy base, and the cutting will be smooth and steady.
5. Double security starter to prevent potential safety hazards in the work.
6. High-quality belt+storage design, Effectively protect machine parts and reduce storage space.

Mod.ZB-255A-1

MITER SAW

Specification

Rated Voltage	230V	Cutting ability	90° *90° : 110*80mm
Rated frequency	50Hz		45° *45° : 70*50mm

Saw blade size	255mmx24T	Color Box Size	56x42x40.3cm

ZHIBIAO
POWER TOOLS

Anti-locking switch

External carbon brush

Aluminum sawing machine series

Read thoroughly handling instructions before use.

Mod.ZB-210A

Product features:

1. High-precision dial, with 45-90 scheduling and positioning to meet different cutting requirements.
2. Foldable storage design, large volume does not occupy space.
3. Thicken the aluminum alloy base, thicken the base, and the cutting will not shake.

Input power	No-load Speed
1400W	4900r/min
Rated Voltage	230V
Rated frequency	50Hz
Input power	1400W
No-load speed	4900RPM/min
Saw blade size	210mmx24T
Cutting ability	90° *90° : 115*60mm 90° *45° : 115*25mm 45° *90° : 80*60mm 45° *45° : 80*25mm
G.W/N.W	8.3/6.5kgs
Color Box Size	53*34*30.5cm

Mod.ZB-210C

Product features:

1. Rubber belt, high quality and durable.
2. Ergonomic handle, when the handle is pressed down, the switch is started, and it can be cut by pressing it down easily.
3. Rapid heat dissipation, no machine burning, long-term use without burning.

Input power	No-load Speed
1700/2000W	4700r/min
Rated Voltage	230V
Rated frequency	50Hz
Input power	1700W
No-load speed	4700RPM/min

G.W/N.W	13/11Kg		45°x45°	90.5x67mm
Color Box Size	55.5x44.5x40cm			

Steel machine series

 Read thoroughly handing instructions before use.

Mod.ZB-400A

Product features:

1. Stable base is safer to cut.
2. High-quality large motor with high efficiency and beautiful incision.
3. It is especially suitable for fast and accurate cutting of steel, nonferrous metals, iron and plastic steel.

Input power	No-load Speed
3000W	2280r/min

Blade capacity	400mm
Rated Voltage	220V~50/60Hz
Moter Height	90mm
Cutting Capacity	100mm
G.W/N.W	46/43kg
ColorBox Size	72x45x56cm

Mod.ZB-400B

Product features:

1. Stable base is safer to cut.
2. High-quality large motor with high efficiency and beautiful incision.
3. It is especially suitable for fast and accurate cutting of steel, nonferrous metals, iron and plastic steel.

Input power	No-load Speed
3000W	2280r/min

Blade capacity	400mm
Rated Voltage	220V~50/60Hz
Moter Height	90mm
Cutting Capacity	100mm

ColorBox Size	72x45x56cm

ZHIBIAO
POWER TOOLS

Angle grinder series

Read thoroughly handling instructions before use.

STRONG MOTOR
Cutting without worry

Mod.ZB-AG1

Input power	No-load Speed
750W	11000r/min

Blade Diameter	100mm
Input Power	750W
No-Load Speed	11000r/min
Rated Frequency	50Hz
Rated Voltage	220V
G.W/N.W	20/19kg
Color Box Size	56.5x33.5x23cm

Product features:

1. Aluminum die, high strength, multiple quenching treatment, high friction and low precision coefficient.
2. The overall dust-proof design of the fuselage effectively protects the normal operation of the machine.
3. Thicken the metal shield to prevent sparks from splashing.

Mod.ZB-AG2

Product features:

1. Enlarge the air outlet of the head shell, and design the small head shell.
2. The copper core motor has strong power and more powerful cutting and grinding.
3. Double-bearing high-strength gear can bear stronger impact force.

Input power	No-load Speed
620W	11000r/min

Blade Diameter	100mm
Input Power	620W
No-Load Speed	11000r/min
Rated Frequency	50Hz
Rated Voltage	220V

ZHIBIAO
POWER TOOLS

Angle grinder series

Read thoroughly handling instructions before use.

Mod.ZB-AG3

Product features:

1. Slim body, ergonomic design, better fit to the palm, smoother work.
2. Spindle lock design, quick film change in one minute.
3. Thicken the metal shield to prevent sparks from splashing.

Input power	No-load Speed
860W	11000r/min

Blade Diameter	100mm
Input Power	860W
No-Load Speed	11000r/min
Rated Frequency	50Hz
Rated Voltage	220V
G.W/N.W	21/20kg
Color Box Size	54.5x32.5x23cm

Mod.ZB-AG4

Input power	No-load Speed
950W	11000r/min

Blade Diameter	100mm
Input Power	950W
No-Load Speed	11000r/min
Rated Frequency	50Hz
Rated Voltage	220V
G.W/N.W	21/20kg
Color Box Size	62x39.5x21cm

Product features:

1. Fully tightly matched gear structure
2. The positioning of the output shaft is strengthened, and the dustproof design is more intimate.
3. Optimize the structural design to effectively control the body temperature.

ZHIBIAO
POWER TOOLS

Angle grinder series

Read thoroughly handling instructions before use.

Mod.ZB-AG5

Product features:

1. High-power professional tools
2. **Ultra-fine handle makes it easier to hold.**
3. Stone grinding, cast iron grinding and polishing

Rated Frequency	50Hz
Rated Voltage	220V
G.W/N.W	20/19kg
Color Box Size	54.5x32.5x23cm

Product features:

1. Slim body, ergonomic design, better fit to the palm, smoother work.
2. **Enhanced sub-handle, two-handed control is more stable.**
3. Thicken the metal shield to prevent sparks from splashing.

ZHIBIAO
POWER TOOLS

Electric circular saw/stone cutting machine series

Read thoroughly handling instructions before use.

Mod.ZB-185A

Input power	No-load Speed
1200W	5300r/min

Blade Diameter	185mm
Input Power	1200W
No-Load Speed	5300r/min
Rated Frequency	50Hz
Rated Voltage	220-230V
Rubber Thread	0.75mm ² x2m
G.W/N.W	21/20kg
Color Box Size	50.5x34.5x40cm

Mod.ZB110-1

Input power	No-load Speed
1250W	13000r/min

Blade Diameter	110mm
Input Power	1250W
No-Load Speed	13000r/min
Rated Frequency	50Hz
Rated Voltage	220-230V
Rubber Thread	0.75mm ² x2m
G.W/N.W	21.5/20.5kg
Color Box Size	73.5x25x38cm

Mod.ZB110-2

Input power	No-load Speed
1400W	13000r/min

Blade Diameter	110mm
Input Power	1400W
No-Load Speed	13000r/min
Rated Frequency	50Hz
Rated Voltage	220-230V
Rubber Thread	0.75mm ² x2m
G.W/N.W	22.5/21.5kg
Color Box Size	73.5x25x38cm
